

Starting November 15, 2020 NEW TRUCKS FOR ROBOTIZED COLLECTION

How to place your bins correctly?

1. Lid closed and detach fastener
2. Wheels and handles facing the residence
3. Less than 12 feet from the roadway
4. At least 3 feet from any obstacle (bin, tree, bin shelter, etc...)
5. In winter, to facilitate snow removal operations, place your bins at 5 feet from the roadway. In case of a storm, place your bins only on the morning of the collection.

If you experience difficulties related to the change,
please call **418 937-4391**
